

**ANTRIM COUNTY ROAD COMMISSION**

**STATEMENT REGARDING GOVERNOR WHITMER'S STAY AT HOME ORDER**

The Antrim County Road Commission and the county roads we maintain are deemed critical infrastructure. Our employees are deemed essential employees. However, in order to maintain the safety and health of our employees and ensure our ability to maintain the public roads in our jurisdiction, we will be sending all our employees home as of March 24, 2020 through April 13, 2020. All employees are on call as needed to address any emergency that may arise during this period.

We will periodically check our voicemail and Facebook page. Senior staff will continue to patrol roads.

If you have a true road related emergency, dial 911 and Antrim County Central Dispatch will contact us.

Thank you for your cooperation and understanding in these unusual times.
